

OVERVIEW

The Cooper Software Time & Attendance App works with your IFS system to provide managers, employees and contractors with an easy and effective way to record and approve time on projects, anytime, anywhere.

COOPER SOFTWARE | TIME & ATTENDANCE APP

KEY FEATURES:

- ✓ Web-based application, so can be accessed anytime, anywhere
- ✓ Allows non-IFS users facility to record time without accessing IFS system
- ✓ Timesheets for multiple subsidiaries can be entered so one system can be used across large organisations
- ✓ Simplified user entry of data and timesheet approval process
- ✓ A favourites function makes it easy to mark popular time and attendance actions
- ✓ All details on one page - timesheets, holidays and absences
- ✓ Data can be filtered to provide more relevant info needed

BENEFITS:

- ✓ Improves accuracy of recorded data
- ✓ Delivers business efficiencies
- ✓ Flexible (on-site/off-site, web access)
- ✓ Reduces operational tasks for administrators & HR
